PROFILE & CAREER OBJECTIVE

Dedicated and results-driven person with a diverse background in research work, front-end and mobile application development, combining solid analytical skills with a proven ability to adapt to dynamic environments. Capable of driving innovation and contributing to organizational growth through a dynamic team, fostering a culture of excellence, and achieving both personal and professional development in the process.

EXPERIENCE

June 2025 – Present

Frontend Web and Mobile Application Developer (Hybrid) | Altair Attic Limited, Abeokuta.

- Promoted from intern to full-time developer after NYSC due to outstanding performance.
- Built and maintained web and mobile apps using React, CSS, Bootstrap, React Native, TypeScript, Tailwind CSS, and Redux Toolkit.
- Collaborated on production-grade apps and contributed significantly to UI/UX optimization and feature integration.

March 2025 – Present

Mobile Application Developer (Remote) | Corpine Lab, United Kingdom.

- Led the mobile app development for **Shelf21**, a complete school management software, using React Native, Jest, Redux Toolkit, TypeScript, and Sentry.
- Worked closely with the frontend web team to ensure seamless integration across platforms.
- Built the **SlotFinance App**, a mobile solution for savings, contribution tracking, and financial management using React Native, TypeScript, Redux Toolkit and TanStack Query.
- Ensured optimal performance, scalability, and real-time data handling within the app using modern React patterns and state management strategies.

August 2024 – May 2025

Frontend Web and Mobile Application Development Intern (Hybrid) | Altair Attic Limited, Abeokuta.

- Gained valuable experience through self-development, strengthening front-end development skills.
- Learned and applied new frameworks such as Tailwind CSS, TypeScript, Expo and React Native for mobile application development.
- Contributed to building various projects with the company, enhancing both web and mobile development capabilities.

September 2024

Soft skill Intern (Remote) | Gateway Skill Program

- Successfully completed soft skills online course in business writing and communication, critical thinking, customer value, emotional intelligence, ideas to business, people management skills in the workplace, time management, sales and negotiations skills, stakeholder management, culture, personal branding and effectiveness, work ethics, conflict management and CV-workshop.
